Cluster Industry Chain

十四五期间，湛江全面推进产业基础高级化、产业链现代化，全力打造绿色钢铁、绿色石化、智能汽车等三大战略性支柱产业，加快培育绿色能源、海洋装备制造、海洋生物医药、新一代电子信息等四大战略性新兴产业，促进农海产品加工、智能家电、绿色造纸、羽绒纺织等四大传统优势产业转型升级，加快发展现代商贸、现代物流、滨海旅游、金融服务、现代会展等高端生产性和生活性服务业，构建现代产业体系，打造世界级产业新城。

During The Fourteenth Five-Year Plan period, Zhanjiang will advance industrial base and its modernization drive in industrial chains across the board, and strive to develop the three strategic pillar industries of green iron and steel, green petrochemical and intelligent vehicles, and step up the development of the four strategic emerging industries of green energy, marine equipment manufacturing, marine biopharmaceuticals and the new generation of electronic information. It will improve the transformation and upgrading of the four traditional robust industries, including agricultural and marine products processing, intelligent appliances, green paper-making, and down textile. It will also enhance high-end producer and consumer services such as business, logistics, coastal tourism, financial services, and modern exhibitions and fairs. All these efforts are aimed to build Zhanjiang into a world-class industrial city with a modern industrial system.

战略性支柱产业 Strategic Pillar Industry

绿色钢铁

宝钢湛江钢铁基地是国内一流、世界领先的高效率绿色碳钢生产基地，重点发展面向汽车、家电、机械、建筑、工程装备、造船、集装箱、铁道等行业的中高端碳钢板材产品，积极引进智能汽车、智能家电、海洋工程装备及船舶修造、先进装备等产业。

Green Steel

Baosteel Zhanjiang Iron and Steel is a world-class high-efficient and green carbon steel production base oriented towards middle and high-end carbon steel plate products for automobile, home appliance, machinery, building, equipment, shipbuilding, container, railway and other industries, also bringing in industries including intelligent vehicles, intelligent home appliances, ocean engineering equipment, ship building and repair and advanced equipment.

绿色石化

拥有世界级化工项目——巴斯夫湛江一体化基地和湛江中科炼化一体化项目，以大炼油、大乙烯等上游化工原料为依托，引进乙烯、丙烯、芳烃以及炼油深加工等中下游产业。

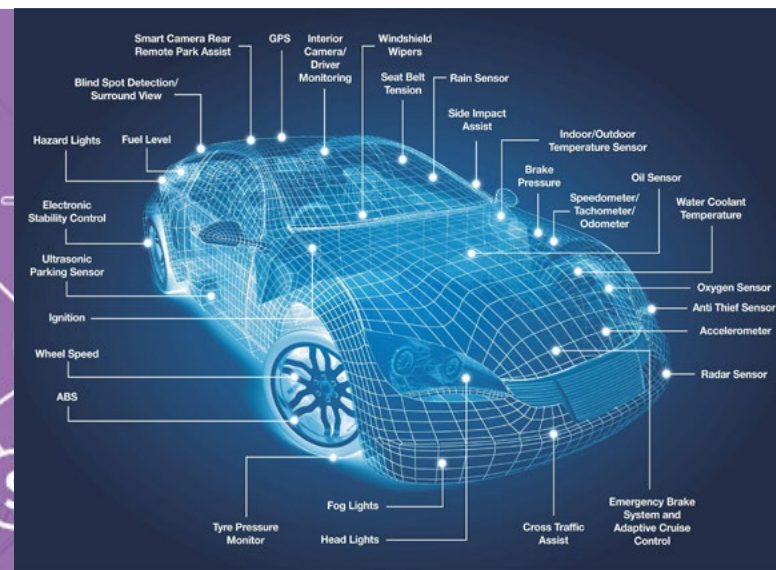

Green Petrochemistry

Zhanjiang is home to world-class chemical industry projects: the BASF (Guangdong) Verbund Site project, and the Zhongke Refinery and Petrochemical project. It has introduced middle and downstream industries such as ethylene, propylene, aromatics and deep processing of oil refining underpinned by upstream chemical raw materials such as refined petroleum and ethylene.

智能汽车

依托钢铁、化工、能源等产业基础，引进发展燃油汽车、新能源汽车、智能网联汽车、汽车零部件及其关联产业。

Intelligent Vehicles

Zhanjiang work to introduce and develop oil-fueled vehicles, new energy vehicles, intelligent connected vehicles, auto parts and related industries relying on the steel, chemical, energy and other industries.

战略性新兴产业 Strategic Emerging Industry

绿色能源 Green Energy

优先发展核能、风能、氢能、太阳能、生物质能等，打造全国沿海重要能源产业基地。

We prioritize the development of nuclear energy, wind energy, hydrogen energy, solar energy, and biomass energy to build a key coastal energy base across the country.

海洋生物医药 Marine Biomedicine

支持企业与湛江湾实验室、广东海洋大学等科研机构 and 高校进行合作，重点发展海洋生物医药、化学药、生物药、医疗器械、现代南药加工等产业。

We encourage cooperation between enterprises and Zhanjiang Bay Laboratory, Guangdong Ocean University and other scientific R&D institutions and universities with a focus on the development of marine biomedicine, chemical medicine, biological medicine, medical equipment, modern southern medicine processing and other industries.

海洋装备制造 Marine Equipment Manufacturing

重点引进湛江传统产业配套设备、物流和冷链设备、临港机械、海洋监测探测仪器设备、海上能源装备、海上养殖及加工装备，钢铁、化工、油气加工上下游配套装备及相关创新平台等。

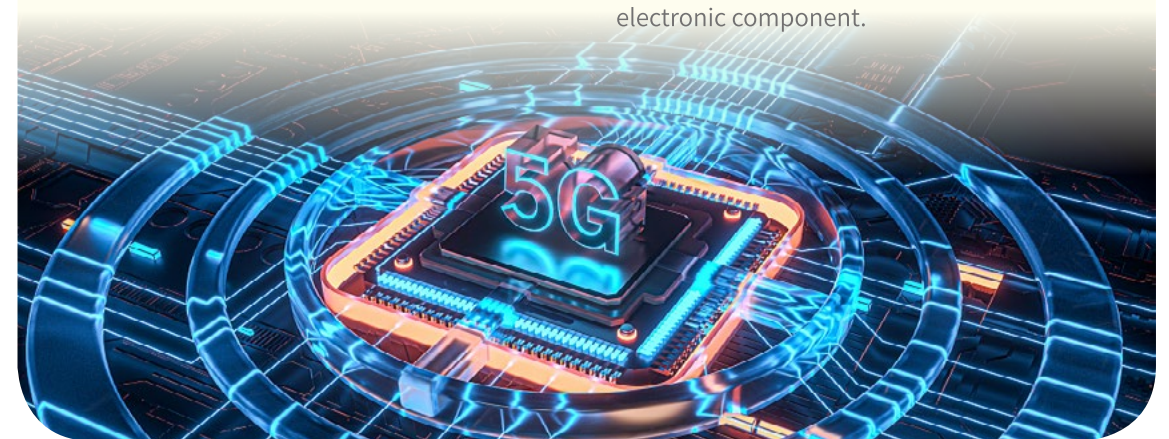

We focus on introducing Zhanjiang traditional industrial supporting equipment, logistics and cold chain equipment, port machinery, marine monitoring and detection equipment, offshore energy equipment, marine aquaculture and processing equipment, upstream and downstream supporting equipment for steel, chemical, oil and gas processing, and related innovation platforms.

新一代电子信息 Next-generation Electronic Information

依托“粤西数谷”大数据产业园、海东新区高新技术产业园，引进发展大数据、新一代电子信息、智能终端、电子元器件等产业。

Underpinned by Data Valley Big Data Industrial Park in Western Guangdong and Haidong New District high-tech industrial park, Zhanjiang introduces and develops industries such as big data, next-generation electronic information, smart terminal and electronic component.

优势传统产业 *Traditional competitive industries*

农海产品加工

湛江是农业大市、海洋大市，拥有中国月饼之乡、中国红橙之乡、中国菠萝之乡、中国对虾之都等品牌称号。重点发展水海产品加工、农产品加工、制糖、食品加工、饮料等产业。

Agricultural and Marine Product Processing

Zhanjiang, a major agriculture and marine city, is also dubbed as the homeland of China's mooncake, red orange, pineapple and prawn. Zhanjiang prioritizes developing industries of aquatic and marine products, agricultural products, sugar making, food processing and beverage.

Intelligent Appliances

Zhanjiang, the base of China's small appliances, is striving to build the regional innovation center of smart small appliances of Guangdong Province with focuses on developing industries ranging from intelligent rice cookers, air-conditioners, refrigerators, washing machines, and small intelligent appliances.

智能家电

湛江是中国小家电产业基地，正在全力创建广东省小家电智能制造区域创新中心。重点发展智能电饭煲、智能空调、智能冰箱、智能洗衣机、智能小家电产业。

绿色造纸

以晨鸣纸业、冠豪高新纸业等骨干企业为龙头，打造全国最大的浆纸产业基地，重点发展热敏记录纸、无碳复写纸和彩色喷墨打印纸、涂布白卡纸、高档文化纸、特种纸等，引进印刷包装、原料加工、造纸设备等产业。

Eco-friendly Paper Making

With enterprises including Shandong Chenming Paper Co., Ltd. and Guangdong Guanbao High-tech Co., Ltd. Being the pacesetters, Zhanjiang has been building the largest national industrial base of pulp paper, focusing on developing thermal-sensitive paper, carbonless copy paper, color inkjet paper, coated ivory board, high-grade cultural paper, special paper, etc. Zhanjiang also introduces industries including packaging and printing, raw material processing and paper-making equipment.

羽绒纺织

发挥中国羽绒之乡品牌优势，重点发展羽绒加工、纺织等，向高端产品、技术创新、品牌建设延伸发展。

Down Textile

As the Hometown of Chinese Down Zhanjiang focuses to develop down processing and textile, and step up developing high-end products, promoting technological innovation and brand building.

现代服务业 Modern Service Industry
